

Fail-closed / anti-bypass panel

	Forged identity header forged-header	403
	Invalid bearer token invalid-token	401
	Direct target bypass without receipt direct-bypass	403

Three recorded refusals. Not a security claim.

CONTROLLED LOCAL PARITY -- NOT A CLOUD RESULT

The frozen field is named wrongAudienceStatus; the control sent an invalid token. Genuine wrong-audience rejection is controlled local parity, not a cloud result.
